 The Master out line and 3 scenarios that work with it.

- (1) Someone is trying to buy lift tickets. They are not interested in creating a Stowe Member Account. They wanna ski for 3 days in the season.
- (2) Two people are married. They wanna take their partner skiing everyday in the season.
- (3) Family, Friends, and their Children are all skiers. Parents want the kids to be able to access the resort cafe, and they all want to ski forever.
